Troy University
2018-2019 CACREP Annual Report
Clinical Mental Health Counseling, Rehabilitation Counseling, and School Counseling

INTRODUCTION

The Troy University Counselor Education Program engages in yearly quantitative and qualitative program evaluation to inform systemic program changes. This evaluation process is guided by the 2009 standards from the Council for Accreditation of Counseling and Related Educational Programs (CACREP). The annual report is intended to provide students, administrators, field site supervisors, and other key stakeholders with information about the vital statistics, program evaluation results, and program modifications initiated for the 2018-2019 academic year.

The Troy University Counselor Education Program Counselor Education Program is administered through the Department of Counseling, Rehabilitation, and Interpreter Training (CRIT) in the College of Education. Dr. Lynn Boyd is the chair of the Department of Counseling, Rehabilitation, and Interpreter Training. The Counseling Program leads to a Master of Science degree or Master of Education degree. The program delivers 3 CACREP-accredited program areas:

- Master of Education: School Counseling
- Master of Science: Clinical Mental Health Counseling
- Master of Science: Rehabilitation Counseling

The CACREP accredited RC and SC programs are offered at the following Alabama campuses: Dothan, Montgomery, Phenix City, and Troy. The CACREP accredited CMHC program is offered at the four Alabama campuses (Dothan, Montgomery, Phenix City, and Troy); five locations in Florida (Altamonte Springs, Fort Walton, Panama City, Pensacola, and Tampa); and at the Augusta, Georgia site.

Licensure or Certification Examination Pass Rate

Passing scores on the CPCE Comprehensive Examination or the Praxis for School Counselors is a graduation requirement, all 235 graduates in 2018 passed at at a 100% pass rate. The national examination encompasses the NBCC core areas that serve as a foundation for the practice of counseling. Complete data are not available on licensure exam passing rates for National Counselor Exam (NCE), because the program doesn't require a passing score on the NCE prior to graduation.

All School Counseling graduates (100%) became certified school counselors within six months of graduating from the program.

Part 5: Summary Conclusions

Please include any additional information deemed important to this HOMER report.

Review of the reported DATA for the 2018-2019 Clinical Mental Health Counseling Program Data Review:

- The data shows that out of the 14 measures, 11 rank in the Exceeded Expectation, 2 rank in the Met Expectation, and 1 in the Failed to Meet Expectation. This indicates that the design of the Graduate Counseling: Clinical Mental Health is strongly aligned with the required standards and the students are demonstrating a strong ability to demonstrate understanding of the selected SLO's.
- Recruitment into the program remains at the forefront of the College of Education and the Graduate Counseling: Clinical Mental Health program.
- With the pressing need to increase the quantity of effective professional counselors, the Graduate Counseling: Clinical Mental Health Curriculum Committee is in a continuous mode of the Deming Cycle: Plan, Do, Study (check) and Act.

Part 1. Program Overview:**ACADEMIC YEAR 2018-2019:****2018-2019 REHABILITATION COUNSELING (M.S.) 48 sh**

The Rehabilitation Counseling program at Troy University is fully accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) through 2023. Students are admitted each semester. Those interested in applying should complete an application at www.troy.edu/admissions. The Rehabilitation Counseling program was awarded the RSA Long Term Training Grant in 2005, 2010, and again in 2015. This grant makes scholarships available to Rehabilitation Counseling students who intend to work in a nonprofit rehabilitation setting. Any student interested in applying for the scholarship should contact his or her advisor for an application and further details on the scholarship.

Student outcomes are evaluated using common assignments in all required courses. In addition, students must complete a program midpoint evaluation and a final dispositions evaluation during their last internship. All student outcome evaluations are based on CACREP standards and data is collected using LiveText. Students must also successfully pass a comprehensive exam prior to graduation. Students enrolled in the rehabilitation counseling program can opt to take the CPCE or CRC exam for their comprehensive exam.

The Rehabilitation Counseling program is offered on the Dothan, Montgomery, Phenix City and Troy campuses. There are six faculty members who are Certified Rehabilitation Counselors (CRC). As of Spring 2013, Troy University has 87 students (full and part time students combined) on the four campuses. Approximately 84% of the students are from underrepresented groups, including those with disabilities. In 2012, a total of 16 students graduated from the program. These graduates work in a variety of settings including state rehabilitation agencies (Alabama, Florida, and Georgia), the VA, and community rehabilitation programs.

Department of Counseling, Rehabilitation, and Interpreter Training Mission Statement:

The mission of the Department of Counseling, Rehabilitation, and Interpreter Training is to educate, develop and train counseling and psychology professionals by utilizing the highest external standards set by state and national licensing/certifying boards. Counselor education faculty design and deliver counseling programs through a variety of instructional modalities. The counseling degree programs provide graduate education at regional and state locations. The program seeks students from diverse populations.

Mission Statement:

The mission of the Troy University Rehabilitation Counseling program is to prepare rehabilitation counselors to provide rehabilitation services designed to assist individuals with disabilities to achieve their maximum potential. In addition, services will be provided to rehabilitation agencies and programs, and research related to rehabilitation will be pursued. The Troy University program leads to a Master of Science degree with a specialty in Rehabilitation Counseling. Students may choose an emphasis area in either hearing or visual impairment. Upon graduation, students will have the basic foundational knowledge, skill and experiences necessary to enter the profession of rehabilitation counseling and practice as rehabilitation counselors.

Objectives for Rehabilitation Counseling:

To prepare master's-level rehabilitation counselors who

1. understand and follow the Code of Professional Ethics for Rehabilitation Counselors;
2. know the laws that affect individuals with disabilities and are able to advocate for the rights of those individuals;
3. understand the concept of choice, self-advocacy and self-determination, and promote these concepts throughout the rehabilitation process;
4. value the worth and dignity of all individuals and view individuals with disabilities as equal partners in the rehabilitation process;
5. demonstrate the ability to practice counseling techniques, job placement skills, and career strategies that will assist individuals with disabilities to develop the skills and competencies they need to function effectively in society; and
6. know the technology and accommodations that are available to provide individuals with disabilities access to work, leisure, and school activities.

To continuously update the Rehabilitation Counseling Specialty by

1. encouraging communication, feedback, and evaluation between faculty, students, and community resources to promote quality programmatic improvement;
2. providing a balanced curriculum of knowledge and skill development that is consistent with the requirements of the Council for Accreditation of Counseling and Related Educational Programs (CACREP);
3. promoting research by students and faculty in the area of rehabilitation counseling; and
4. promoting participation in local, state and national professional rehabilitation and counseling associations.

Part 5: Summary Conclusions

Please include any additional information deemed important to this HOMER report.

Review of the reported DATA for the 2018-2019 HOMER Report:

- The data shows that out of the 10 measures, 6 rank in the Exceeded Expectation, 2 in the Failed to Meet Expectation, and 2 there was no data available. This indicates that the design of the Graduate Counseling: Rehabilitation Counseling is strongly aligned with the required standards and the students are demonstrating a strong ability to demonstrate understanding of the selected SLO's.
- Recruitment into the program remains at the forefront of the College of Education and the Graduate Counseling: Rehabilitation Counseling program.
- With the pressing need to prepare effective Rehabilitation Counselors for the current climate, the Graduate Counseling: Rehabilitation Counseling Curriculum Committee is in a continuous mode of the Deming Cycle: Plan, Do, Study (check) and Act.

Part 1. Program Overview:**ACADEMIC YEAR 2018-2019:****2018-2019 SCHOOL COUNSELING (M.S.) 48 sh****Department of Counseling, Rehabilitation, and Interpreter Training Mission Statement:**

The mission of the Department of Counseling, Rehabilitation, and Interpreter Training is to educate, develop and train counseling and psychology professionals by utilizing the highest external standards set by state and national licensing/certifying boards. Counselor education faculty design and deliver counseling programs through a variety of instructional modalities. The counseling degree programs provide graduate education at regional and state locations. The program seeks students from diverse populations.

School Counseling Program Mission Statement:

The School Counseling Program is designed to train graduate level students as school counselors. The program meets Alabama State Department of Education guidelines for school counselor certification and follows guidelines of Council for Accreditation of Counseling and Related Programs. The curriculum is designed to train school counselors in the knowledge of theory, application of counseling skills in working with K-12 grade level students, knowledge of program development, foundations, and implementation of comprehensive guidance programs, development of professional and personal dispositions, advocacy of children and adolescents, and development of graduate students to become professional school counselors.

Objectives for School Counseling:

1. To develop knowledge of the foundations of school counseling to include history, philosophy, current trends/issues, models, role, functions, professional identity, leadership/advocacy strategies and legal and ethical issues.
2. To develop skills in technology as applied to school counseling.
3. To develop sensitivity to provide counseling to diverse school populations and skills to identify barriers that may impede academic, career, and personal/social development of students.
4. To develop skills in comprehensive guidance program development (e.g. ASCA National Model) to include needs assessments, program development and program evaluation.
5. To develop skills related to academic and behavioral assessment of students and interpretation of assessment results to administrators, parents and students.
6. To develop knowledge of understanding the influence of multiple factors (family dynamics, violence, abuse, disorders, substance abuse, anxiety, depression) that impact school age students.
7. To develop knowledge and skills in counseling to include individual, group, crisis management and classroom guidance
8. To develop knowledge and skills in collaboration and consultation to effectively work with community agencies, parents, teachers and other school personnel.
9. To develop knowledge and skills in conducting programs designed to enhance students' academic, personal/social, career and other developmental needs of students.
10. To understand the effects of health/wellness, atypical growth and development and resiliency on school age children.
11. To develop school emergency management plans and understand the role of the school counselor during crises, disasters and other trauma-causing events.
12. To develop knowledge in counseling, prevention and intervention including theories of effective counseling, techniques of counseling, treatment planning, and strategies for identifying student strengths and weaknesses to deal with problems.

13. To develop an understanding of research and evaluation including research relevant to the practice of school counseling, program evaluation, accountability, outcome data and best practices.
14. To develop knowledge of the relationship of the school counseling program to the academic mission of the school and skills for teaching counseling and guidance-related curricula.
15. To develop knowledge of the qualities, principles and skills of effective leadership in schools and to understand the role of the school counselor as system change agent.
16. To understand and have knowledge of student services such as the Individual Education Plans (IEP), the 504, and the Student Support Team (SST).

Additional School Counseling Requirements:

1. Hold a valid Teaching Certificate in any field. Temporary, provisional, and other nonrenewable certifications are not acceptable. (See below for admission option for students without a current Teaching Certificate).
2. To complete certification requirements, students also must have two years of professional experience. Traditional School Counseling- Effective July 1, 2017 and thereafter, two full years of full-time, acceptable professional educational work experience for admission to the program.
3. A minimum cumulative/overall graduating grade point average of 2.5 (Effective July 1, 2017, a GPA of 2.75 is required) on the baccalaureate transcript.
4. Successful completion of a criminal background check/fingerprinting.

There is no Conditional Admission for the School Counseling program.

Note: Candidates are restricted to six hours of graduate coursework prior to admission to the Graduate Teacher Education Program (GTEP) School Counseling.

Admission to CACREP Accredited School Counseling Program without Teaching Certificate

(Option offered by Alabama State Department of Education):

1. Students who have an earned bachelor's degree from a regionally accredited college or university but who did not complete a bachelor's or master's degree professional educator preparation program may apply for admission to a Troy University CACREP accredited school counseling program.
2. Students applying to the program must meet all University and Counseling & Psychology program admission requirements as outlined in this catalog.
3. Successful completion of a criminal background check/ fingerprinting.

Part 4: Curriculum Map

Please list in the left column any courses that you will use to assess the program student learning outcomes and put an X in the cell to the right of the course under a specific SLO that the course is used to assess. Alternatively, use of the letters “I” “D” or “M” is appropriate to indicate the level of the student learning outcome (see the legend below the table).

Note: List all core or required courses and any elective courses to be used to assess the program student learning outcomes.

Part 5: Summary Conclusions

Please include any additional information deemed important to this HOMER report.

Review of the reported DATA for the 2018-2019 School Counseling Program Data Review:

- The data shows that out of the 10 measures, 6 rank in the Exceeded Expectation, 2 in the Failed to Meet Expectation, and 2 there was no data available. This indicates that the design of the Graduate Counseling: School Counseling is strongly aligned with the required standards and the students are demonstrating a strong ability to demonstrate understanding of the selected SLO's.
- Recruitment into the program remains at the forefront of the College of Education and the Graduate Counseling: School Counseling program.
- With the pressing need to prepare effective Professional School Counselors for the current school climate, the Graduate Counseling: School Counseling Curriculum Committee is in a continuous mode of the Deming Cycle: Plan, Do, Study (check) and Act.

Program Changes Based Upon Survey Data

The assessment meetings were held in the fall of 2018. Faculty discussed the qualitative and quantitative survey results and determined program changes based upon survey data. The program changes indicated below were agreed upon in the fall of 2018 and are based upon student survey data. The implementation of most of the program adjustments will occur in 2020 though some adjustments have already been partially implemented.

1. Please review the handout for the mission/vision make edits and return
2. The CCC agreed to utilize Zoom for all departmental video conferencing needs.
3. CACREP Steering Committee was formed to assist the program with moving the program curriculum to the 2016 CACREP Standards.
4. While students continue to meet program and professional standards expectations, there are often student and faculty complaints related to the number of common assignments. The assessments will be reduced when the department adopts the 2016 standards.
5. A Division Committee of CSI Chapters was formed. Dr. Crawford will chair the committee.
6. Due to low enrollment, School Counseling Specialty courses are now offered online.
7. There were no changes based upon the Employer Survey.
