

Coblenz, Germany
June 15, 1928.

Dear Mother,

Well we are home again
and we surely spent my birth-
day in one beautiful place.
Neuenahr is a resort famous
all over the World and it is
just a wonderful place to
rest and enjoy life. It corres-
ponds to the Griswald in
beauty and prominence.

How gave me a handsome
table-scarf with hand
made Brussels lace. It is
a beauty and I have added
it to my other treasures

I have collected since I came over here.

We bought a trunk to-day and I am going to put all of our Winter clothes away and things I don't expect to use, then when we get our orders I won't have so much packing to do.

Matilda is a perfect ladies maid and all I have to do is tell her to ^{pack} ~~do~~ so and so and it is done, much better than I could do it and I feel as though I could pack.

Of course now I have given

3,
up the idea of taking either
one of the maids now since
we will probably make our
home in Ala. and since the
negroes do the work it would
be too lonesome for a white
girl there. You see I feel I
would be more or less responsible
for her and I would be ^{so}
sorry for her if I thought
she was lonesome.

Then too, only mothers with
~~babys~~ babies are allowed to
take their maids so I
guess I am out of it all
the way around.

It is late and I guess I will
kiss you good-night for
this time. To-morrow I am
going out to spend the day
with Mrs. Collins at Bendorf
has Gen. March will be out to
inspect the 6th F.A. and Hon
won't be home for lunch.

With heaps of love to you
Mother dear from Hon and
I and prayers for as speedy
re-union, I am

Your loving daughter,
Joyce.

P.S. Our love to all the folks.
