July 4<sup>th</sup> 1920

my dear Mrs. Williams.

I was glad to get  
your letter Saturday.

Yes, Mr. K- is well and  
at his business again. I  
have had the worst sore  
mouth for the last few  
weeks but its better now  
and I have been so  
happy for we had a letter  
from Arthur Friday  
saying look for them

the last of this month. now dont  
that sound to good to be true? &  
just cant hardly wait, and I  
feel that I want to start to  
meet them. I dont know  
whather he will get discharged  
or not. you know he is eligible  
to come back to the states this  
month for he will have been  
over there two years. But I  
hope he is getting out for  
its time they were settling down  
I think and they can never  
have that feeling while they  
are in the army. I do hope  
we can all be well when they  
do come. so you take care of  
yourself and I will do  
the same and we will be  
two happy mothers. we also  
had a letter from Joyce. last  
week she did not say that

they were coming, but  
his letter was written  
several days before Arthur  
was, so I am going to  
look for them if they don't  
come & shall be dreadfully  
disappointed. But I am trusting  
God to direct them in what  
they do.

Well. Bessie is  
keeping house and is the  
happiest girl I know. Mother  
spent thursday with us last  
week and is looking better,  
but the hot weather helps her  
and we are having awful  
hot days now. Well, write us  
if you hear when our children  
will come, and take care of  
yourself, give Junior a good hug for  
me, with love to all the folks, John
