IV. Chancellor’s Report

Chancellor Hawkins welcomed Dr. Morton to the meeting and also recognized Commissioner Wright Waters of the Sunbelt Conference.

Chancellor Hawkins provided an update to the board on three areas: (1) One Great University progress, (2) Achievements, and (3) Goals for 2008. A summary of Chancellor Hawkins’ presentation to the board follows:

One Great University

In February of 2000 the board voted unanimously to unify the university system into one university. As a result of the board’s action, a Five-Year Strategic Plan was initiated by the university to create “One Great University” by 1 August 2005. The primary goals were to (1) improve service to students to make sure that transferability of credits would be provided for, (2) to improve academics to assure that a Troy University degree was the same quality worldwide regardless of where the degree might be awarded, and (3) to create “brand identity.” At the heart of the mandate was to assure that our students could transfer among our campuses without losing credit and to eliminate unnecessary duplication.

A thumbnail sketch was provided on the progress. In academics, under the leadership of Dr. Ed Roach, Executive Vice Chancellor and Provost, Dr. Hawkins said that we have recently seen the appointment of the associate provost and deans who will oversee this important initiative. Chancellor Hawkins introduced Associate Provost Dr. Hal Fulmer, Graduate Dean Dr. Dianne Barron, College of Education Dean Dr. Donna Jacobs, College of Business Dean Dr. Earl Ingram, and College of Arts and Sciences Dean Dr. Robert Pullen.

Chancellor Hawkins reported that Dr. Roach and his colleagues have made great progress in developing a common catalog and faculty handbook.

In the area of administration under the leadership of Dr. Doug Patterson, Senior Vice Chancellor for Administration, the university will soon implement one employees’ orientation and one policy manual so that no matter where employees work they will
operate under one program. An eCommerce system has been implemented and the Chancellor thanked Dr. Patterson and Mr. Jim Bookout, Vice Chancellor for Financial Affairs, for their good work in implementing this system which allows students to pay their bills online.

Great progress has been made in the area of common reporting. In the past the university campuses have reported data to external agencies as three separate units. In the future, we will have one centralized reporting structure for the university to such agencies as the Alabama Commission on Higher Education and the Southern Association for Colleges and Schools.

In the area of Student Services under the leadership of Dr. John Schmidt, Senior Vice Chancellor for Student Services, Chancellor Hawkins reported that great progress is being made in the development of one student handbook with uniform policies, as well as a common ID card system for all students.

Chancellor Hawkins stated that Dr. Cameron Martindale, Senior Vice Chancellor for Advancement and External Relations, has made great strides in moving the university forward so that all campus brochures, ads, etc. have a common look/common theme—this will mean one message, one fundraising effort, one alumni association, etc. Dr. Hawkins added that Dr. Martindale will report later in the meeting regarding “brand identity.”

Achievements

Enrollment continues to grow and is looking very promising. The figures for Troy reflect about a 6-7% growth, Montgomery reflects 16-20%, Phenix City is at about 16-17%, Dothan reflects a slight increase over last year, and University College figures continue to grow. In Distance Learning, we are awaiting the figures but it looks promising.

In June the university’s first commencement was held in China for our 1-2-1 Program with our partner universities.

Chancellor Hawkins reported on the university’s re-accreditation process with the Southern Association of Colleges and Schools and added that it was one of the best reviews ever experienced. Specialized accreditations have been received from the Council for Accreditation Counseling and Related Educational Programs and also the Council on Rehabilitation Education. NCATE was a major effort within the College of Education and specialized accreditation was also received for our Athletic Training and Social Work programs.

Chancellor Hawkins reported that University College has opened new programs in Vietnam and, in conjunction with the Alabama Development Office, a new office has opened in Heidelberg, Germany.

A report was provided on facilities which included the completion of a new recreation center on Elm Street, the newly renovated Clements Hall, the construction of a new academic building, and an update was given on plans to complete the athletic tower in the press box facility. Smith Hall has been renovated and the new Bibb Graves Quad was dedicated in April. A report was given on grant appropriations received from the federal government to assist with funding a shuttle service for campus as well as several paving projects. It was noted that the Dothan Science Lab offers state-of-the-art facilities. In Montgomery, plans are underway to add a Children’s Annex adjacent to the Rosa Parks Library and Museum and the goal for completion is 1 December 2005, the 50th anniversary of Rosa Parks boarding the bus.

Chancellor Hawkins advised that the university received recognition from The Princeton Review as one of the best universities in the Southeast. U.S. News and World Report also recognized the university as one of the 64 best universities in the Southeast.
Goals for 2008
Chancellor Hawkins reiterated goals for 2008 as follows: (1) to have more than 30,000 student enrollments, (2) to launch a multimillion dollar capital campaign, (3) to increase alumni giving by 150%, (4) to increase grants and contracts from the current $10M level to $20M, (5) to increase faculty with terminal degrees from the current 70-75% to at least 80%, (6) to enroll 800 international students, (7) to have a presence in 20 countries, (8) to create “study-abroad programs” and (9) to challenge University College to generate revenue up from the current $60M to $100M by 2008.

In closing, Chancellor Hawkins said our vision is bold and he expressed his appreciation to the people who work with us. He called Dr. Steven Taylor, head of the Faculty Council, and Dr. Ed Roach forward. At that time, Dr. Susie Stokes, outgoing chair of the Faculty Council, was recognized. Dr. Taylor and Dr. Stokes made brief comments.

V. OGU—Marketing and Publicity
Dr. Cameron Martindale was called upon to provide brief comments on OGU marketing and publicity. She provided an update on progress made to date and reported that today a Style and Graphic Standards Manual was being presented to the board for approval. (A copy of the Style and Graphic Standards Manual was provided to board members in advance of the meeting.) Dr. Martindale shared a video with the board of a new commercial for the university. Dr. Martindale briefed the board on logo styles included in the manual.

Mr. Johnny Williams, Director of Athletics, was called upon to provide comments on the process in development of new logos. He introduced Mr. Jamie Styles of Phoenix Design, who has worked with the university in the design process.

Resolution No. 1

A. Resolution No. 1—Approval of Style and Graphic Standards Manual
ACTION: Following Dr. Martindale’s presentation, Mr. Owen made a motion to approve Resolution No. 1. He commended everyone involved for a job well done. Mr. Higgins amended Resolution No. 1 to add the word “diversity” in the fourth paragraph to read as follows: “WHEREAS, Troy University’s brand identity and related graphics express a commitment to exceptional quality, tradition, diversity, and excellence.” Senator Dial provided a second to the motion and to amend Resolution No. 1 as stated. There being no discussion to the motion and to the amendment, Resolution No. 1 was unanimously adopted as amended. The following resolution reflects the amendment as approved.
