The College of Health and Human Services provides quality education for professional practice in a variety of areas associated with health and human services. The college aspires to the highest standards of educational excellence blending a professional perspective with a liberal arts and science foundation.

The College is committed to the development of students who are knowledgeable, caring, responsive and self-directed. The college aspires to produce graduates who are self-directed individuals able to meet the health and human caring needs of a diverse and complex society through change, advocacy and leadership within their communities.

The college’s School of Nursing offers graduate programs at the Master’s and Doctoral levels. Graduate programs within the School of Nursing include a Master’s of Nursing (MSN) in one of two tracks: Informatics and Family Nurse Practitioner. For the nurse who already holds a MSN degree, a post master’s certificate option is offered in Family Nurse Practitioner. The School of Nursing also offers post baccalaureate and post master entry options into the Doctor of Nursing Practice (DNP). Post baccalaureate DNP students enter the Family Nurse Practitioner track.

The College of Health and Human Service also offers through its School of Hospitality, Sport, and Tourism Management a Master of Science in Sport and Fitness Management, and a Doctor of Philosophy in Sport Management (Pending Approval).

**MASTER OF SCIENCE IN NURSING (M.S.N.)**

The Master of Science in Nursing Program is designed to provide graduates of baccalaureate programs in nursing the opportunity to develop the advanced knowledge and clinical skills required for leadership positions in nursing. The program prepares Nursing Informatics Specialists and Family Nurse Practitioners. Students are accepted for admission to the MSN tracks every semester. Fall admission is recommended for students who wish to pursue full-time study. A post MSN certificate options is offered in Family Nurse Practitioner. The MSN program is offered online with faculty based on the Troy, Montgomery, Dothan, and Phenix City campuses in Alabama.

**MSN Student Learning Outcomes**

Upon successful completion of the MSN program, the student will be able to:

1. Incorporate advanced knowledge and theories from nursing and related disciplines to continually improve nursing care across diverse settings;
2. Integrate leadership, management and education principles into advanced nursing care that utilizes ethical and critical decision-making;
3. Apply the evolving standards and principles of quality improvement and safety for advanced nursing within a defined setting;
4. Evaluate research outcomes and current evidence in conjunction with culturally-appropriate, patient-centered care for the purpose of selectively integrating research findings into the practice setting;
5. Manage informatics and communication technologies to enhance, integrate, and coordinate appropriate patient care;
6. Develop interdisciplinary advocacy strategies to impact healthcare policy at the system level;
7. Communicate, collaborate and consult as a leader and member of intraprofessional and interprofessional teams for improvement of health care outcomes;
8. Integrate clinical prevention interventions for the provision of culturally responsive advanced nursing care to individuals and populations in a global society;
9. Demonstrate role competencies in a specialized area of advanced nursing practice at the master’s level.

**Accreditation**

The School of Nursing MSN Program is accredited by the Accred-
Admission Requirements for Post-Masters Certificate Option
1. Graduate of a nationally accredited MSN Program (NLNAC or CCNE).
2. Current unencumbered RN licensure in the state in which the student plans to have clinical experiences.
3. Two letters of professional reference.
4. Minimum of one year experience as a registered nurse.

Transfer Credit
A maximum of six semester hours taken at another regionally accredited institution of higher education with a "B" grade or better may be applied toward the degree. These courses must be comparable to Troy University courses and must be reviewed by the graduate nursing faculty who will make a recommendation to the Dean of the College of Health and Human Services and the Graduate Dean. For students completing the Master of Science in Nursing, all transfer credits used to satisfy degree requirements may not exceed five years at the time of the degree completion.

Degree Requirements
A student completing the coursework with a 3.0 or better GPA, fulfilling candidacy requirements, and successfully completing the required comprehensive examination will be awarded the degree.

NOTE 1. Requirements for the MSN degree must be satisfied within five years of the initial enrollment for that degree.

NOTE 2. Grades below "C" are not acceptable for meeting requirements for a subsequent course.

Requirements for Students in Clinical Courses
All students must maintain RN licensure, current CPR certification, professional liability insurance, proof of annual physical examination and negative drug screen and a clear background check when enrolled in clinical nursing courses. Professional liability insurance is available through the School of Nursing. Students are responsible for their own medical care if needed in the clinical setting. Students are also responsible for personal transportation costs incurred during the program.

Students must meet Communicable Disease Center (CDC) and Occupational Safety and Health Administration (OSHA) guidelines.

Laboratory Fees for the MSN Program:
NSG 6618, 6696, 6697 $37.50
NSG 6613, 6666, 6668 $67.50
NSG 6636, 6680 $180.00

### GRADUATE CERTIFICATE OF HEALTH PRACTICE MANAGEMENT

*(OFFERED THROUGH THE SORREL COLLEGE OF BUSINESS)*

The Graduate Certificate in Health Practice Management prepares the student with the underlying business knowledge and skills required to manage a contemporary health care practice/clinic enterprise. The curriculum addresses health care economics and financial management, reimbursement for services, law and health care policy, business case analysis, data base management, and small business practice management. The Graduate Certificate in Health Practice Management consists of two semesters/four courses offered by Troy University’s Sorrell College of Business and requires 12 semester hours for completion. Students will be accepted into the program only in the fall semester and can complete the program in two semesters (fall, spring). The program is offered totally online and is open to graduate students enrolled in any graduate business program, students with a completed M.S. in Nursing and students enrolled in the Doctor of Nursing Practice program. There is not a certification exam available with completion of this certificate.

### Accreditation

The Sorrell College of Business is accredited by the Accreditation Council of for Business Schools and Programs (ACBSP).

### Admissions Requirements:

All certificate students must be admitted to the graduate school.

### Course Requirements

Students may qualify for the Health Practice Management Certificate by completing the required courses and maintaining an overall 3.0 grade point average or better. The Health Practice Management Certificate requires 12 semester hours of coursework as described below:

- **BUS 6600**: 3 Survey of Business Concepts
- **HSA 6680**: 3 Health Services Administration and Policy
- **HSA 6681**: 3 Legal and Social Issues in Health Administration
- **HSA 6683**: 3 Healthcare Economics

### Other Requirements

Students who wish to be issued a certificate must submit the following to their home campus:

- Certification Intent
- Copy of student transcript
POST-MASTER’S CERTIFICATE OPTIONS

Mission Statement

The post-master’s certificate options provide lifelong learners with the opportunity to specialize in an area other than that obtained in their MSN program. An MSN degree is required. Those who complete the certificate option earn a certificate of completion, not another master’s degree, and are eligible to apply for the appropriate specialty certification exam.

Accreditation

The School of Nursing MSN Program is accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Rd. NE, Suite 850, Atlanta, GA, 30326.

Admission Requirements

1. Graduate of nationally accredited MSN Program (NLNAC or CCNE).
2. Current unencumbered RN licensure in the state in which the student plans to have clinical experiences.
3. Two letters of professional reference.
4. Minimum of one year experience as a registered nurse.

DOCTOR OF NURSING PRACTICE (DNP)

The Doctor of Nursing Practice (DNP) is a terminal degree and prepares the graduate to provide the most advanced level of nursing care for individuals, families and communities. The objectives for the program are consistent with the American Association of Colleges of Nursing’s (AACN) specifications for practice doctoral programs in nursing in accordance with The Essentials of Doctoral Education for Advanced Nursing Practice. Fall admission is recommended for students who wish to pursue full-time study.

Upon successful completion of the Doctor of Nursing Practice the graduate will be able to:

1. Evaluate advanced knowledge and theories from nursing and related disciplines for advanced practice nursing at the highest level.
2. Design quality, cost effective and innovative nursing care models based on the knowledge of interrelationships among nursing, organizational, political, and economic sciences.
3. Incorporate systems engineering concepts to prevent and solve complex health care delivery problems.
4. Translate research to transform nursing practice and support evidence-based nursing practice for diverse patient populations and organizations.
5. Provide leadership in the integration of technology and information systems for quality improvements in patient care and healthcare systems.
6. Develop effective practice standards for managing ethical issues inherent in patient care, health care organizations and research.
7. Initiate changes in health care systems through the design and implementation of health policies that strengthen the health care delivery system.
8. Evaluate system responses to health and illness as a basis for clinical prevention and population health services in rural and urban settings within a global market.
9. Demonstrate role competencies in a specialized area of advanced practice nursing as a Doctor of Nursing Practice.
Accreditation

The School of Nursing DNP Program is accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Rd. NE, Suite 850, Atlanta, GA, 30326.

Admission Requirements for the Doctor of Nursing Practice

Doctorate of Nursing Practice (DNP) students will be admitted only under unconditional admission status. Conditional admission is not available for DNP applicants.

Admission to the program will be limited to the number of available spaces. To be considered for unconditional admission to the DNP program the applicant must:

1. Hold the required degree from a nationally-accredited program (NLNAC or CCNE). Applicants are admitted as:
   - Post BSN candidates
   - Post MSN candidates
2. Earned a minimum cumulative GPA of 3.0 (4.0 scale) on all nursing coursework if post-baccalaureate applicant or on all graduate coursework if post-masters applicant.
3. Submit an official transcripts for all post-secondary academic study
4. Earn a minimum GRE score of 294. Note: This requirement is waived for post-MSN applicants.
5. Possess a current unencumbered license as a registered nurse in Alabama or in the state where clinical practice will occur.
6. Submit two letters of professional reference that address academic ability, professional competence, and leadership potential in nursing.
7. Complete a successful interview by the Nursing Graduate Admissions Committee
8. Submit a 800 to 1000 word essay describing professional goals and how completion of the DNP program will enhance potential in nursing.
9. Submit a Resume that includes education, work experience in future roles and practice.
10. Possess a valid certification in advanced practice nursing (CNS or FNP only) from a nationally recognized credentialing body or be eligible to take a nationally recognized certification exam.

Note: This requirement applies only to post-MSN applicants.

Transfer Credit

After DNP Coordinator evaluation of course syllabi, a maximum of 12 credit hours of coursework may be accepted from only an existing Master of Science in Nursing towards the DNP degree.

**Progression**

DNP students must achieve a grade of “B” or better in NSG 6691 Research Methodology (if BSN-DNP) and NSG 8812 Foundations of Evidence-Based Practice in order to meet Graduate School requirements.

Students who earn a grade of “C” or less in more than one 8000 level course must repeat the course and achieve a grade of “B” or higher. If the course to be repeated is a prerequisite for a subsequent course, the student may not progress. If two grades of “C” are earned in the same semester, the DNP Program Coordinator will select the course to be repeated.

Graduate students may earn no more than six semester hours of grades below “B”. Students who earn more than six semester hours of “C” grades or below are automatically academically suspended from the University for a period of one calendar year at which time the student may petition the Dean of the Graduate School for readmission.

---

**Competency Evaluations**

Prior to completing NSG 8820: Synthesis of Evidence Based Practice II: Project Development, the student must complete the Initial Competency Evaluation by successfully defending the DNP Synthesis Project Proposal. Prior to completing NSG 8840: Synthesis of Evidence Based Practice IV: Project Evaluation, the student must complete the Final Competency Evaluation by successfully defending the DNP Synthesis Project.

---

**Degree Requirements**

Graduation from the DNP program requires completion of a prescribed plan of study. Consistent with recommendations from the AACN, the DNP program requires three academic years for post-baccalaureate and two years for post-master’s options. Therefore, the number of credits required for graduation from the DNP program will depend upon prior degree. All credits used to satisfy the degree requirements for the DNP must not exceed eight years at the time of degree completion.
Graduation requirements include:

- Completion of all prescribed coursework with a 3.0 GPA or better
- Submission of an approved comprehensive e-Portfolio
- Completion of a minimum of 1000 hours of graduate level clinical practice as part of a supervised academic program
- Successful completion of the Synthesis Project

**DNP Synthesis Project**

Doctor of Nursing Practice (DNP) students will identify, develop, implement, evaluate, and disseminate findings of a clinical project that has systems level impact for the improvement of healthcare outcomes for a population group within a specific nursing practice. Specific courses in the DNP curriculum guide the completion of this project.

**Transfer Credit**

A maximum of twelve semester hours taken at another regionally accredited institution of higher education with a "B" grade or better may be applied toward the degree. These courses must be comparable to Troy University courses and must be reviewed by the graduate nursing faculty who will make a recommendation to the Dean of Health and Human Services. For students completing the Doctorate of Nursing Practice, all transfer credits used to satisfy degree requirements may not exceed eight years at the time of degree completion.

**Prerequisite Requirements**

Candidates for admission must hold a baccalaureate degree in sport and fitness management or related field.

**Admission Requirements for the Master of Science in Sport and Fitness Management**

**Unconditional Admission**

1. Applicants must have a baccalaureate degree from a regionally accredited four-year institution. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Applicants must achieve a score of 385 or higher on the Miller Analogies Test or a score of 286 or higher on the Graduate Record Examination (850 on the old exam) (verbal and quantitative) or 380 on the GMAT.
3. Applicants must have an overall grade point average of 2.5 on a four-point scale.

**Conditional Admission**

1. Students not satisfying the unconditional admission requirements may be conditionally admitted to the program pending satisfactory completion of the first 12 semester hours with a 3.0 grade point average. Students with a baccalaureate degree from an unaccredited or otherwise accredited institution should see Unaccredited or Otherwise Accredited Student Admission.
2. Students not satisfying conditional admission requirements will be dropped from the program for one calendar year, after which time the student must petition for readmission.

**Transfer Credit**

A maximum of 12 semester hours taken at another regionally accredited institution of higher learning, with a grade of "B" or better, can be applied toward the degree. These courses must be comparable to Troy University's courses and must be approved by the SFM graduate faculty.
Degree Requirements

Successful completion of the courses listed below with an overall grade point average of 3.0 or better and successful completion of the required comprehensive examination is necessary to fulfill requirements for the degree. If a student makes a “D” or “F” in a core or concentration course, the course must be retaken. If the student earns a “D” or “F” in an elective course, the course may be retaken, or another elective taken in its place. The student can satisfy the research component requirement by successfully completing SFM 6617 and SFM 6691 with a grade of “B” or better.

Curriculum

All courses offer three semester hours of credit except SFM 6625, 6626, 6627, 6680, 6681, and 6682.

DOCTOR OF PHILOSOPHY (PH.D.) IN SPORT MANAGEMENT

Purpose

The Doctor of Philosophy (Ph.D.) in Sport Management is a terminal degree focusing on student comprehension and interpretation of contemporary, theoretical and applied studies within the field of Sport Management. The mission of the program is to prepare the graduate with a broad range of sport management-related positions to include, but not limited to higher education, research, professional or amateur athletics, and professional sport industry.

Expected Program Outcomes

The program aims to provide a comprehensive curriculum with an area of specialization to prepare a sport manager practitioner or academician to:

1. Demonstrate the ability to conduct research related to the sport industry.
2. Analyze, evaluate, and implement solutions to complex sport issues, to prepare innovators and leaders in the field of sport management.
3. Support the dissemination of scholarly and practical research and knowledge in the behavioral sciences.
4. Demonstrate teaching and research skills needed for success in professional sport management roles.

Expected Student Outcomes

Upon successful completion of the Ph.D. in Sport Management the graduate will be able to:

1. Recall knowledge from core and specialized areas of study in the curriculum.
2. Identify essential teaching strategies necessary for success in the sport management education environment.
3. Effectively express complex concepts both orally and in writing.
4. Interpret research studies and apply research results to sport management practices.
5. Apply sport management knowledge to the solution of complex sport management issues, with demonstration of sensitivity to crucial, controversial sport issues.
6. Analyze and apply sport management principles, approaches, rationales, and expected outcomes of service.
7. Organize and plan programs of service designed to meet local, state, regional, national, and/or international needs.
Prerequisite Requirements

Candidates for admission must have a graduate degree from a regionally accredited institution of higher education, preferably in sport management or related field. Prerequisite requirements exist for all doctoral core levels courses; thus, students should complete the prerequisite core or have completed equivalent courses. The academic advisor and course instructor can evaluate courses to determine whether or not they will satisfy the prerequisite element.

Admission Requirements for the Doctor of Philosophy in Sport Management

Application process and deadlines:

The Sport Management Ph.D. program admissions committee will admit students three times throughout each academic year: Term 1/Fall semester, Term 3/Spring semester, and Term 5/Summer semester. In order to be given full consideration, please submit all requested materials by the deadlines listed below:

Application Deadlines:
- Term 1 or Fall Admission: Apply by May 1
  - International: Apply by March 1
- Term 3 or Spring Admission: Apply by September 1
  - International: Apply by July 1
- Term 5 or Summer Admission: Apply by February 1
  - International: Apply by December 1

The following procedures for admission to the Ph.D. in Sport Management program will be adopted:

Requirements:
A Masters degree in a related field with a minimum grade point average of 3.0 on a 4.0 scale from a regionally accredited university or college is required. Applicants must first be admitted to Troy University as a graduate student, and then be admitted to the Ph.D. Sport Management Graduate Program. Admission requirements to the Ph.D. Sport Management Graduate Program are as follows:

- Department Application Form
- Three (3) Letters of Reference
- Writing Sample
- Resume or Curriculum Vitae
- Statement of Intent. The statement of intent should:
  - Include details regarding your career and research interests.
  - Identify and provide support for two TROY Sport and Fitness Management doctoral faculty members to serve as potential research supervisors.
- TOEFL scores are required for all international students; this requirement is waived if the student has earned a bachelor’s or master’s degree from a regionally accredited US institution. Students scoring 80 or higher on the Internet-based TOEFL Test, 213 or higher on the Computer-based Test, and a 550 or higher on the Paper-based TOEFL Test will be given full consideration for admittance into the Doctoral Program. Students scoring below these requirements may be required to (in addition to other admission requirements) interview with the Doctoral Admissions Committee prior to full consideration of admittance into the program.
- Submission of GRE scores (verbal and quantitative): Students scoring 1000 or higher (old) or 297 (new) on the GRE (verbal and quantitative) will be given full consideration for admittance into the Doctoral Program. Students scoring below 1000 (old) or 297 (new) on the GRE may be required to (in addition to other admission requirements) interview with the Doctoral Admissions Committee prior to full consideration of admittance into the program.
- It should be noted that only valid GRE scores (as identified by GRE) will be accepted.

Doctoral Admissions Committee:
The Doctoral Admissions Committee will be composed of all Sport Management faculties with doctoral directive status. The Doctoral Admissions Committee will review all eligible applicants and make a recommendation regarding applicants’ admission into the Ph.D. in Sport Management Program. All students admitted into the program will be assigned a primary research supervisor. After a decision has been made, applicants will be notified of their status.

Doctoral Dissertation Committee:
Each student in the Ph.D. in Sport Management program will select a dissertation committee. The Dissertation Committee should be comprised of a minimum of four members of which three should be faculty members in the School of Hospitality, Sport and Tourism Management.

Transfer Credit

Conditions for transfer credit:
1. Students must complete the “Transfer of Graduate Credit towards Doctoral Degree”.
2. A maximum of 12 graduate credit hours taken at another regionally or nationally accredited institution of higher learning with a minimum grade of “B” may be applied toward the degree.
3. Coursework cannot be used from another degree program the student has completed.
4. Coursework will be accepted only from another regionally or nationally accredited institution of higher learning.
5. An official transcript from the institution where the coursework was completed must be submitted.
6. Transfer courses must be defined as graduate-level work at the institution where the credit was earned.
7. All coursework must have been completed within three years of transfer credit request.

All transfer courses must be comparable to Troy University’s graduate courses and must be approved by the Sport Management Doctoral Curriculum Committee.

Admission to Doctoral Candidacy

Students seeking to enter Doctoral Candidacy must have:
1. Completed all coursework with a GPA of 3.0 or higher;
2. Passed the qualifying and comprehensive exams with a score of 80% or higher;
3. Received approval and finalized a doctoral dissertation committee;
4. Passed Doctoral Dissertation Proposal; and,
5. Completed new student orientation.

The Ph.D. in Sport Management is designed to be a 75 semester hour program, if the candidate has completed a Master’s of Science in Sport & Fitness Management or related field. However, if not previously taken, the following prerequisite course(s) must be completed and up to six semester hours may be used to satisfy elective hours. If the following graduate prerequisites have been taken, the course(s) may be waived by your advisor. Students must meet with the professor teaching a particular course, provide official documentation (transcript and syllabus) regarding the work completed, and discuss the course previously completed. The professor will coordinate with the student’s advisor and determine whether or not the student will receive a waiver for the specific “prerequisite course(s)”.

**Time to Complete Degree**

Consistent with other terminal degree programs at TROY, the Sport Management doctoral student will have a maximum time for degree completion of eight years, inclusive of completing dissertation requirements.

Students must be continuously enrolled in a minimum of 1 credit hour per semester or term during the duration of the doctoral degree. Dissertation credit hours may exceed the minimum of 24 semester hours. If a student fails to maintain the continuous enrollment requirement he or she may be required to readmit into the Ph.D. program.

For any student seeking readmission into the program, he or she must meet all degree requirements current at the time of readmission.

**Degree Requirements**

A student completing the coursework with a 3.0 or better GPA, successfully passing the qualifying and preliminary exams with a score of 80% or higher, completing new student orientation, and candidacy requirements and successfully defending the dissertation will be awarded a Ph.D. in Sport Management.
Students are also required to successfully defend their dissertation during their last semester of coursework. A score of 80% or higher is required. Doctoral students are required to successfully pass the Qualifying Exam and Comprehensive Exam. The purpose of the Master in Social Work Program is to prepare students for advanced social work practice. The Program is dedicated to enhancing the quality of life beginning with, and progressing through, the individual system and increasingly complex levels of social organization. The basic aim is to prepare the graduate with advanced social work knowledge, values, and skills to practice within the context of a diverse, multicultural, global, and technologically oriented society. Teaching, learning, and service are exercised in an atmosphere that prizes and upholds the traditions, values, and ethics of the social work profession.

Objectives

The Master in Social Work derives the program’s objectives in accordance with the Council on Social Work Education Educational Policy Handbook. Students will be able to:

1. Identify as a professional social worker and conduct oneself accordingly.

Social workers serve as representatives of the profession, its mission, and its core values. They know the profession’s history. Social workers commit themselves to the profession’s enhancement and to their own professional conduct and growth.

2. Apply social work ethical principles to guide professional practice.

Social workers have an obligation to conduct themselves ethically and to engage in ethical decision-making. Social workers are knowledgeable about the value base of the profession, its ethical standards, and relevant law.

3. Apply critical thinking to inform and communicate professional judgments.

Critical thinking augmented by creativity and curiosity. Critical thinking also requires the synthesis and communication of relevant information.

4. Engage diversity and difference in practice.

Social workers understand how diversity characterizes and shapes the human experience and is critical to the formation of identity. The dimensions of diversity are understood as the intersectionality of multiple factors including age, class, color, culture, disability, ethnicity, gender, gender identity and expression, immigration status, political ideology, race, religion, sex, and sexual orientation.

5. Advance human rights and social and economic justice.

Each person, regardless of position in society, has basic human rights, such as freedom, safety, privacy, an adequate standard of living, health care, and education. Social workers recognize the global interconnections of oppression and are knowledgeable about theories of justice and strategies to promote human and civil rights. Social work incorporates social justice practices in organizations, institutions, and society to ensure that these basic human rights are distributed equitably and without prejudice.
Social workers use practice experience to inform research, employ evidence-based interventions, evaluate their own practice, and use research findings to improve practice, policy, and social service delivery. Social workers comprehend quantitative and qualitative research and understand scientific and ethical approaches to building knowledge.

7. Apply knowledge of human behavior and the social environment.
Social workers are knowledgeable about human behavior across the life course; the range of social systems in which people live; and the ways social systems promote or deter people in maintaining or achieving health and well-being. Social workers apply theories and knowledge from the liberal arts to understand biological, social, cultural, psychological, and spiritual development.

8. Engage in policy practice to advance social and economic well-being and to deliver effective social work services.
Social work practitioners understand that policy affects service delivery, and they actively engage in policy practice. Social workers know the history and current structures of social policies and services; the role of policy in service delivery; and the role of practice in policy development.

9. Respond to contexts that shape practice.
Social workers are informed, resourceful, and proactive in responding to evolving organizational, community, and societal contexts at all levels of practice. Social workers recognize that the context of practice is dynamic, and use knowledge and skill to respond proactively.

10. Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities.
Professional practice involves the dynamic and interactive processes of engagement, assessment, intervention, and evaluation at multiple levels. Social workers have the knowledge and skills to practice with individuals, families, groups, organizations, and communities. Practice knowledge includes: identifying, analyzing, and implementing evidence-based interventions designed to achieve client goals; using research and technological advances; evaluating program outcomes and practice effectiveness; developing, analyzing, advocating, and providing leadership for policies and services; and promoting social and economic justice.

11. Engage in Advanced Practice.
Synthesize and apply a broad range of interdisciplinary and multidisciplinary knowledge and skills. In areas of specialization, advanced practitioners assess, intervene, and evaluate to promote human and social well-being. To do so they suit each action to the circumstances at hand, using the discrimination learned through experience and self-improvement. Advanced practice incorporates all of the core competencies augmented by knowledge and practice behaviors specific to a concentration.

12. Engage in Field Education.
Social workers apply the theoretical and conceptual contribution of the classroom with the practical world of the practice setting. It is a basic precept of social work education that the two interrelated components of curriculum—classroom and field—are of equal importance within the curriculum, and each contributes to the development of the requisite competencies of professional practice. Field education is systematically designed, supervised, coordinated, and evaluated based on criteria by which students demonstrate the achievement of program competencies.

**Program Eligibility**

All students must be admitted to Troy University Graduate School. There is not a conditional admission based on grade point average. All students holding an earned baccalaureate degree from a college or university accredited by a recognized regional accrediting association are eligible for application to the two year (60) hour program. Students must have a 2.5 (4.0 scale) or a 3.0 grade point average on the last 30 semester hours taken.

Students holding a Bachelor’s degree in Social Work (BSW) from a CSWE accredited program and have a 3.0 grade point average in the last 30 semester hours of Social Work course work are eligible to apply for Advanced Standing. Advanced Standing applicants may receive a MSW upon successful completion of 30 semester hours of Concentration Curriculum.

In addition to the grade point average requirements, students must take the GRE or MAT. The GRE acceptable score is 850 combined (old) or 290 combined (new). The MAT acceptable score is 385. There is a conditional admission only because of a low test score. Students admitted conditionally only because of a low test score will be granted unconditional admission after the completion of nine (9) semester hours provided they have maintained a 3.0 grade point average on all graduate work attempted. There is not a requirement to re-take the test once the academic requirement is met.

An additional requirement of being able to complete the MSW Program is the production of a current (within 30 days) criminal background check for Foundation and Concentration Practicum. Providing the background check does not guarantee acceptance into a Practicum setting or eligibility to sit for licensure. Students applying to this program should be aware of the potential ramifications of a positive criminal background check and the potential of not being able to complete this program.

**Program Initiation**

The Master of Social Work two year program admits students each fall. Cohorts begin only in the fall semester. The program is currently offered in a combination of face-to-face and hybrid formats. Advanced Standing (one year) program admits students in the summer. Cohorts begin for Advanced Standing only in the summer and this program is offered in a combination of face-to-face and hybrid formats.

Applications may be submitted throughout the year. Acceptance notifications will be issued in October, March, and June for the next August and May cohorts.

**Program Prerequisites**

All applications must have an undergraduate or graduate statistics course prior to attendance. If this requirement has not been met students may take: PSY 3301, QM 2241, MTH 2210 or the Director of the MSW program approved equivalent.

**Admission Requirements**

In addition to meeting University graduate school admissions requirements, the student must also submit the following admission requirements:

1. Three reference letters from the following list: applicant’s most recent academic adviser, department chair, dean, college instructor, most recent employer, or one personal reference chosen by the appli-
Transfer Credit
In addition to University transfer requirements, the Masters in Social Work will only accept master’s level courses from a CSWE accredited Social Work program. The Director of the MSW program must review and approve these transfer credits.

 Practicum Requirements
Students are required to complete supervised practicum course(s) in the sequence set by the program. The student must have a current (within 30 days) national criminal background check, liability insurance, and all required documentation (shots, drug screens etc.) as required by the University and practicum site prior to participation. Providing the background check does not guarantee acceptance into a Practicum setting or eligibility to sit for licensure. Students applying to this program should be aware of the potential ramifications of a positive criminal background check and the potential of not being able to complete this program.

Degree Requirements
Foundation Curriculum
The foundation curriculum allows students to develop the foundation level competencies named above. This includes a minimum of thirty (30) semester hours or 9 courses of required study. The foundation practicum (6 semester hours) requires a minimum of 400 contact hours in the field. In addition to required foundation courses, students must complete three hours of an elective before proceeding into one of the two concentration curriculums.

MSW Requirements
Foundation Courses (30 semester hours):
The following are required foundation courses for all students who do not hold a BSW degree from an accredited institution.
All courses are 3 semester hours.

SWK 6601 (3) Social Welfare Policy and the Social Work Profession
SWK 6604 (3) Human Behavior in the Social Environment
SWK 6606 (3) Direct Practice Methods with Individuals and Families
SWK 6608 (3) Theory and Practice with Groups
