

CIT Staff Celebrated Chinese Spring Festival with American and International Students and Scholars

On the evening of Feb 19, 2015, the staff of Confucius Institute at Troy University (CIT) and students taking Chinese language classes celebrated Chinese Spring Festival at Golden Crane with some visiting scholars and staff from Troy University. The guests tasted Chinese dishes and acquainted themselves with the customs of Chinese Lunar New Year. They also learned how to convey blessings to each other through pop quizzes, playing Chinese riddles, singing, and dancing. The dinner party, one of the series of celebration events organized by CIT, has promoted Chinese traditional culture among our international and American friends.
